

Homework Policy

What we can do to help:

- We will provide a quiet, supervised space for children to work.
- We will be happy to provide assistance if your child asks for help.
- We will encourage children to problem solve and will give ideas for sources for answers.
- We will encourage children to finish their work before they change activities.
- We will alert families if their children continue to have difficulty completing assignments.

What we cannot do:

- We cannot check each child's assignment book to make sure everything is complete. This needs to be the student's responsibility. Homework that is not getting done or is consistently too difficult to complete is important information for teachers to have.
- Although we will help as much as possible, we can't tutor a child to the exclusion of the other children in the class.
